Note Practice Monitoring

Comments Dr. Jekyll's request for licensure was denied based on unprofessional conduct. He

was ordered to comply with practice monitoring with a board-approved

organization and may not re-apply for licensure for a minimum period of one year.

No Medicare sanctions reported

REMEMBER: Do not take official actions without consulting the board(s) which took action. Information is copyrighted by the Federation of Chiropractic Licensing Boards, all rights reserved

For internal use of Federation of Chiropractic Licensing Boards only.

Please note that not being listed in the database does not guarantee that actions have not been taken by regulatory boards. Reports can be in process and not yet received by the FCLB. It is strongly urged that you contact the board(s) to verify: (1) if the doctor has a license in good standing; (2) has any pending or previous actions; (3) has any complaints filed against him/her. It is the responsibility of the person initiating the search to query at a later date to see if new actions have been reported after the date of the search. This Chiropractic Information Network-Board Action Databank (CIN-BAD) is a "red-flag" service designed to bring attention to matters of potential concern or positive status. Any subsequent actions taken as a result of this report must be based on complete information obtained directly from the licensing authority(ies) which took the original board action(s), or other authorities as noted in this report. It is understood that CIN-BAD is compiled from information provided by sources including international state and provincial licensing authorities, US Department of Health and Human Services (DHHS), and others. The FCLB is not responsible for any inaccurate or incomplete information provided to it by these sources.
