$15,000 as a triple platinum supporter of the 2011 conference. The First National Bank certificate of deposit matures March 24, 2011, and FCLB will be researching ways to continue to safely earn interest on these funds.

Ms. Liewer reported that the new computers and software for the Greeley office have been ordered as part of the information technology upgrade and as budgeted. To minimize the disruption to the Greeley office staff, the computer consultant will be working weekends to set up and install the new equipment.
